

Transportation Game

General

Beginning A Game

- The players with the highest roll of the dice go first.
- Each player will get \$150 in the beginning.
- On your turn roll the dice, your token will move clockwise the number of spaces indicated by your roll. Two or more tokens may share the same area at the same time
- Doubles: if you roll doubles, your token will move to space as indicated (the space not active), and you must roll again. Maximum roll doubles are three times in a row. The space is only active at the end of the row.

Event and Reward Cards

- If you land on either an Event or Reward space, you will be given the top card from the corresponding deck.
- Any monies associated with the card will automatically be deducted from or credited to your account.

Question and Key Question Cards

A. Question space -> Key Question space

- If you land on Question space, you will be given the top card from the corresponding deck, and you should answer the question which exists in that card.
- You cannot answer the question until you land on the Key Question space.
- Draw a card (2 maximum) from the Key Question deck.
- Submit your answer if you get the right card (based on your assumption). If you have not found the right card from both cards, you can continue in the next turn and put both cards to the deck again. If you are correct, you will get \$20, and if you collect three correct answers (the instructor will check it) you be able to change it into key treasure
- You cannot get another Question card until you submit your answer in the question before.

B. Question space -> Question space

- If you land on the next Question space before you land on Key Question space, you are 'just visiting' no necessary to draw a card again.

C. ->Key Question space

- If you land on Key Question space before you get the card from Question space, you are 'just visiting' no necessary to draw a card.

Treasure and Key Treasure

- You get Key Treasure when you collect three correct answers from questions (instructor will check it), it means you get an opportunity to get the Treasure.

- There will be a case you have to answer in a limited time (30 seconds) with multiple-choice. If you are correct, you get the treasure, but if you are wrong or out of the time, you should collect another three correct answers from question cards.
- If you land on Key Treasure space from rolling the dice but have not successfully received the three correct answers, you are 'just visiting' you get nothing and move ahead in the usual manner on your next turn.

Service Station

If you land on Service Station, you should pay \$15 and did not get rolling dice in your next turn

Free Service Station Card

A 'free service station' card may be held and used later. If you draw a 'free service station' card, you can keep it and used it if you land on the Service Station space.

Low on Cash

No player may borrow from or lend money to another player. The system will automatically record your minus on cash and still be able to run the game.

Winning

The instructor can decide either

1. One of player get the treasure, and the winner is who gets the most money
2. Limit time and the winner is who gets the most money

If there is anyone who receives the same amount of money, the winner is who one first gain that amount of money.
